

## ADDITIONAL OPTIONS

# ROLLED MESH

There are a range of additional components that we recommend, to provide your partitioning solution with extra strength and security and also give your unit a complete finished look.

Galvanised rolled mesh is a cost-effective security solution, that allows light and air flow to enter inside the unit and is also corrosion-protected. When purchasing the mesh product, Top Hat profiles are included as standard.

### FEATURES & BENEFITS

- Preventing unit-to-unit access
- Cost-effective secure solution
- Durable and long-lasting
